SUMMARY

"2nd year B.Tech IT student at GLBITM. I have a creative mindset and enjoy fusing art with technology through design and media projects. With a background in Python and prompt engineering, I like using tech to make events and content more engaging. I'm certified in Python by Stanford _Code in Place 2026_ and CS50, and I'm also building an algorithmic trading bot. I'm excited to contribute my skills in design, content creation, and event coordination to help the club grow and deliver impactful experiences."

EDUCATION

G.L. BAJAJ INSTITUTE OF TECHNOLOGY AND MANAGEMENT, Greater Noida, UP Expected Graduation 2029

- *BE/B.Tech in CSIT*
- *2026 - present (2nd year)*
- *1st year CGPA: 8.45*

- *Computer Languages: Python, C, C++, SQL, HTML, CSS*
- *Tool: Git, Vs Code, Canva, Vercel, GitHub,*
- *Skills: Problem solving, Machine Learning, Artificial Intelligence, Creative mindset,*
- *AI Tools: ChatGPT, Claude, Gemini, Gama, Perplexity, Flow.*

Building an ALGO TRADING BOT
Learning PROMPT ENGINEERING

PROJECTS

ALGO- TRADING BOT , Using Python(Numpy, Pandas)

- still learning
- working on it

CRIME INVESTIGATION GAME, Python

- Final project, CIP'26

CERTIFICATIONS

- ***CODE IN PLACE'26,*** *Stanford university*
- ***CS50'25,*** *Harvard university*
- ***CISCO NETWORKING ACADEMY (NETCAD)'2026***
- ***ICAT'26***

LEADERSHIP & WORK EXPERIENCE

VOLUNTEER/ PARTICIPANT

- *School events (extracurriculars)*
- *debates*
- *Symposium*
- *Speeches*
- *Anchoring*
- *singing*
- *Dancing*
- *Arts & Crafts*

COLLEGE PARTICIPATION

- *Debate, SANKALP'26*
- *Adobe Hackathon'26*
